From 01.01.2017 to 30.04.2017
Facility Provincial General Hospital, Matara, Sri Lanka

Acting consultant surgeon
From 01.11.2017 to 31.12.2016
Facility District General Hospital, Kalutara, Sri Lanka

Acting consultant surgeon

I hold the position of full-time senior registrar in General Surgery with special interest in Lower GI, at the National Hospital of Sri Lanka (NHSL) from 01st April 2015 to 31st March 2016.

My responsibilities in this position include:

- ☐ Assessing all patients admitted to the unit and deciding on the course of action under the supervision of the relevant consultant surgeon.
- ☐ Performing and supervising emergency surgery.
- ☐ Performing major routine surgeries myself and under supervision when required.
- ☐ Supervising registrars and post-intern doctors
- ☐ Teaching medical students of the Faculty of Medicine, University of Colombo.
- ☐ Participation in morbidity/mortality conferences and journal club discussions.
- ☐ Collaborating with other units in the hospital on patient management where necessary.
- ☐ Undertaking research projects.
- ☐ Maintaining a portfolio including a log book.

NHSL is a tertiary care referral center located in Colombo 10, with a large patient drainage area. It receives patients from all over the island, including Colombo itself which is the most populous district of the island. It is a well-established main hospital in the island with seven general surgical units with good facilities. The NHSL provides immediate care for all emergency admissions due to trauma 24 hours a day, every day. It has an Accident Service Unit and emergency operation theatre facilities to assess and provide emergency care to trauma victims. The NHSL receives a wide range of trauma cases, ranging from domestic and industrial accidents to motor traffic accidents.

Following the successful completion of MD Surgery degree, I was appointed senior registrar in General Surgery at NHSL from 01st April 2014 to 31st March 2015 (12 months). This was a full-time advanced training position with laparoscopic training functioning directly under the consultant surgeon, accredited by the Postgraduate Institute of Medicine of the University of Colombo.

My responsibilities during this period included:

- ☐ Assessing patients and initiating a plan of management in consultation with the supervising specialist.
- ☐ Performing elective and emergency surgery.
- ☐ Being the first assistant to the consultant, and assisting junior medical personnel for surgeries for teaching purposes.
- ☐ Performing diagnostic and therapeutic endoscopic procedures.
- ☐ Pre- and post-operative management of patients.
- ☐ Conducting out-patient clinics.
- ☐ Providing surgical on-call service to the unit and to other wards/units of the hospital.
- ☐ Teaching registrars, interns and medical students.
- ☐ Liaison with other specialties / multi-disciplinary teams.
- ☐ Participation in morbidity/mortality conferences and journal club discussions.

GENERAL SURGICAL WORK EXPERIENCE
