

## Present Post

Senior Professor of Pathology, Faculty of Medicine, University of Ruhuna, Sri Lanka

---

## Educational Qualifications

January 1992 - MBBS 2<sup>nd</sup> Class Honors  
(University of Colombo, Sri Lanka)

October 1996 - Diploma in Pathology  
(University of Colombo, Sri Lanka)

July 1999 - MD in Pathology (Histopathology)  
(University of Colombo, Sri Lanka)

July 2000 - Board certification

---

|--------------------------------------|---|
| 1. Training for Diploma in Pathology | November 1994 - October 1996 (2 years)<br><br>At the Department. of Pathology, Faculty of Medicine, |
|--------------------------------------|---|

- University of Colombo, Department. of Pathology, National Hospital, (Teaching) of Sri Lanka and the Department of Pathology, Teaching Hospital Karapitiya, Galle, Sri Lanka.
2. Training for MD Histopathology  
November 1996 - July 1999  
  
At the Department. of Pathology, Faculty of Medicine, University of Colombo, Sri Lanka.
  3. Post MD Training  
  
One year from 4<sup>th</sup> September 2000 at the Department of Histopathology, Bristol Royal Infirmary, Bristol, UK.  
  
Supervisor - Professor Massimo Pignatelli, Professor of Pathology, University of Bristol, UK
  4. Training in teaching  
  
Accreditation of Senior Teachers in Higher Education Conducted by the Staff Development Unit of the University of Colombo and SEDA, UK accreditation as a teacher in higher education

---

### Special Training

1. One-month training in Immunohistochemistry at the Department of Pathology, Russel's Hall Hospital, West Midlands, UK April - June 2006
  2. One-month training in Teaching Learning Methods and Assessments at the School of Health, Durham University, UK under Professor John McLochlan in February/March 2007.
  3. One-week training on Training the Trainers workshop conducted by the Royal College of Physicians, London and the Postgraduate Institute of Medicine, Colombo - March 2017
- 

### Administration/managerial experience

1. Head of the Department of Pathology from September 2001 to September 2010.
2. Student Counselor from 2002 to 2007
3. Person in Charge of the Activity "Enhancing Student Support Services of the undergraduates in the Faculty of Medicine, University of Ruhuna" of the IRQUE Project 2005 to 2010
4. Coordinator of the Medical Laboratory Science Degree Programme of the Faculty of Medicine, University of Ruhuna 2005 to 2010
5. Chairperson of the Quality Assurance Cell of the Faculty of Medicine from 2012 to 2015
6. Chairperson of the Board of Study in Pathology, Postgraduate Institute of Medicine, University of Colombo 2015 to 2018
7. Coordinator, Basic Laboratory Sciences Course for Pathology postgraduate trainees, Postgraduate Institute of Medicine, University of Colombo 2008 to 2014
8. Chairperson of the Board of Study in Medicine, Faculty of Graduate Studies, University of Ruhuna from 2018 to 2020
9. Chairperson, Internal Quality Assurance Cell, Faculty of Graduate Studies, University of Ruhuna from 2018 to 2020
10. President College of Pathologists of Sri Lanka 2019

---

### Teaching

Teaching Pathology to medical undergraduates  
Examiner Histotechnology and cytology Medical Laboratory Science

---

### Training of Postgraduates

1. A postgraduate trainer and an examiner Histopathology since 2002
  2. Member of the Board of Study in Pathology, Postgraduate Institute of Medicine, University of Colombo since 2002.
- 

### Experience in curriculum development/ undergraduate/postgraduate training

1. Involved in the development of learning outcomes and revision of the examinations in Pathology for the medical undergraduates of the Faculty of Medicine, University of Ruhuna
  2. Involved in the development of the curriculum of the undergraduate course in Medical Laboratory Science of the Faculty of Medicine, University of Ruhuna, as the coordinator.
  3. Coordinator for the development of the 2008 Prospectus of the Postgraduate training in Pathology, Postgraduate Institute of Medicine, University of Colombo.
  4. Coordinated and contributed to the development of 2016 Prospectus of the Postgraduate Training in Histopathology of the Postgraduate Institute of Medicine, University of Colombo.
  5. Contributed to the Bench Mark Statement of Medicine document 2020
- 

### Experience as a Histopathologist

Work in the capacity of a Board-Certified Specialist in Histopathology and reports on the surgical pathology and cytology specimens received from the Professorial Units of the Teaching Hospital Karapitiya, Galle, Sri Lanka since 2001 to date.

---

### Research interests

Breast cancer, thyroid diseases, Immunohistochemistry.

---

## Postgraduate Supervision – research

### Supervision of MD- Histopathology research projects

1. Effect of experience of pathologist on the inter-observer reproducibility of the Nottingham grade.
2. A comparison of cytological grading of breast carcinoma with the histological grading.
3. An immunohistochemical assessment of VEGF expression in invasive breast carcinoma; is there an association between VEGF positivity and other clinicopathological prognostic markers?
4. An immunohistochemical assessment of PTEN expression and its association with tamoxifen resistance in ER positive breast carcinoma.
5. Value of Bethesda System in deciding on surgical intervention for cytologically identified follicular proliferations in thyroid gland.
6. Comparison of Consistency in reporting breast cancer prognostic markers between two laboratories; manual versus automated platforms
7. Comparison between FNAC and BIRADS score; what guides the clinician best, in patients with breast lumps?
8. Ki67 expression cut-off in defining Luminal A and B breast cancers; 14% or 20%?
9. Prognostic factors of breast carcinomas of Nottingham grade 2; Score 6 vs Score 7
10. The degree of inter-observer variability in grading uterine endometrioid adenocarcinoma
11. Eligibility to undergo detection of Micro Satellite Instability in Patients with Colorectal Carcinoma, based on a Pathological Score; A Single Centre Study
12. A comparison of validity of squash smears and touch imprints in intra operative diagnosis of central nervous system lesions
13. Interobserver consistency in grading prostatic adenocarcinoma in Transrectal Ultrasound guided (TRUS) biopsies of prostate
14. Clinicopathological profile of papillary microcarcinoma of the thyroid; a single Centre, retrospective study
15. Histomorphological Assessment of the Heart in Sudden Cardiac Death (SCD): An Autopsy Study
16. Prognostic value of tumour budding in breast cancer: a descriptive cross-sectional study
17. Prognostic value of tumour infiltrating lymphocytes in breast cancers.

### MSc Research supervision

1. Assessment of the effects of selected pre-analytical and analytical factors on the optimal Immunohistochemical staining for ER and Her 2 in breast cancer

### PhD Supervision

#### Completed

- 1 Co- supervisors for a PhD (title: Upper gastrointestinal abnormalities in patients referred for gastroscopy and the prevalence of *Helicobacter pylori* infection among them; a hospital based study in Sri Lanka)-
- 2 Co- supervisors for a PhD (title: Phytopharmacological investigation of some medicinal plants in alloxan-induced diabetic rats)

- 3 The Chief Supervisor for a PhD (title: Factors associated with survival of females with breast cancer in the southern Province of Sri Lanka)
  - 4 Co-supervisor for a PhD (title: Protective effects of selected medicinal plant extracts on chemically induced nephropathy in rats)
  - 5 Co-supervisor for a PhD (Title: Vasculopathy, systemic inflammation, body composition and cardiometabolic risk among patients with chronic kidney disease).
- 

## Awards received

1. President's Award for 2003  
Protective effect of *Asteracantha longifolia* extract in mouse liver injury induced by carbon tetrachloride and paracetamol.  
Hewawasam RP, Jayatilake KAPW, Pathirana C, Mudduwa LKB.  
Journal of Pharmacy & Pharmacology, 2003 Oct;55(10)1413-8.
2. President's Award for 2004  
Hepatoprotective effect of *Epaltes divaricata* extract on carbon tetrachloride induced hepatotoxicity in mice.  
Hewawasam RP, Jayatilaka KA, Pathirana C, Mudduwa LKB  
Indian J Med Res. 2004 Jul;120(1):30-4
3. Academic Sessions Award of the Annual Sessions of the College of Pathologists, Sri Lanka.1997.  
A rare case of sex cord stromal tumour with annular tubules.  
D. Lokuhetty, L.K.B.Mudduwa.
4. The award for the Best Scientific Paper of the 63<sup>rd</sup> Annual Academic Sessions of the Galle Medical Association 2004. Toxicity of the medicinal plant *Vetiveria zizanioides* (Sevandara): A reflection in haematological, histological and Biochemical parameters  
Hewawasam RP, Jayatilaka KA, Pathirana C, Mudduwa LKB
5. Award for the Best Scientific Paper of the 66<sup>th</sup> Annual Academic Sessions of the Galle Medical Association 2007. Prevalence of *Helicobacter pylori* infection among patients undergoing upper gastrointestinal endoscopy.  
Waidyaratne EI, Lekamwasam JDVC, Mudduwa LKB, Lekamwasam S
6. Award for the Best Scientific Paper in Surgical Discipline of the 67<sup>th</sup> Annual Academic Sessions of the Galle Medical Association 2008 Endoscopic and histological abnormalities in patients referred for routine upper gastrointestinal endoscopy.  
Waidyaratne EI, Lekamwasam JDVC, Gunawardhane H, Mudduwa LKB, Lekamwasam S
7. Awarded accreditation by the Staff Development Centre, University of Colombo in 2006 following successful completion of the Accreditation of Senior Teachers in Higher Education (AS THE) course.
8. Awarded British Staff and Educational Development Authority (SEDA) certificate qualification.

9. Award for the best scientific paper of the 71<sup>st</sup> Annual Academic Sessions of the Galle Medical Association 2012. *Coccinia grandis* as a potent anti hyperglycaemic agent: A reflection in biochemical and histological parameters.  
Attanayake AP, Jayathilake KAPW, Mudduwa LKB, Pathirana C.
10. Award for the best poster presentation at the 11<sup>th</sup> Annual Academic Sessions of College of Forensic Pathologists of Sri Lanka 2013  
An unusual case of mediastinal malignant melanoma with cardiac metastasis.  
Lakmali MGN, Mudduwa L, Hettiarachchi HA Fernando LBM
11. Award for the best scientific paper of the 73<sup>rd</sup> Annual Academic Sessions of the Galle Medical Association 2014. Tumour characteristics in relation to the age at presentation of breast cancer.  
Peiris HH, Mudduwa LKB, Thalagala NI, Jayathilake KAPW, Ekanayake U, Horadugoda J.
12. Award for the best oral presentation. Scientific Sessions 2015 of the Faculty of Medicine, University of Sri Jayawardhanapura held on 2<sup>nd</sup> April 2015. Risk factors and clinic-pathological profile of triple negative breast cancer; a comparative study done in the Southern province of Sri Lanka.  
Peiris HH, Mudduwa LKB, Thalagala NI, Jayathilake KAPW
13. Award for the best oral presentation. Scientific Sessions 2015 of the Faculty of Medicine, University of Sri Jayawardhanapura held on 7<sup>th</sup> April 2016. Clinico-pathological factors influencing the recurrence free interval of patients with recurrent breast cancer. Peiris HH, Mudduwa LKB, Thalagala NI, Jayathilake KAPW, Ekanayake U, Horadugoda J.
14. Award for the best poster presentation. 75<sup>th</sup> Annual Academic Sessions of the Galle medical Association 7<sup>th</sup> - 8<sup>th</sup> October 2016. Trends in thyroid pathology: A 14 year experience in a goiter endemic area. Mudduwa LKB, Liyanage TG, Mudduwa YDB, Liyanage TG Abeyasiriwardhena DS.
15. Silva E.H, Wickramatilake C. M., Lekamwasam S., Mudduwa L.K.B, Ubayasiri R. *Assessment of dietary intake in a group of patients with chronic renal failure on routine haemodialysis, attending Teaching Hospital, Karapitiya*. KDU - Mayo clinic International Nephrology, Dialysis, Transplant Medicine and Oncology conference, University Hospital, Kothalawala Defence University. 7th - 10th February 2018 - Won the third place for best poster
16. Dr S Ramachandran award for the best paper in Nephrology Amarasiri, A.M.S.S., Attanayake, A.P., Jayatilaka, K.A.P.W., Mudduwa L.K.B., 2018. Protective effect of *Barleria prionitis* extract (Katukarandu) against doxorubicin induced acute nephrotoxicity in Wistar rats. 131<sup>st</sup> Anniversary International Medical Congress of the Sri Lanka Medical Association, p 17.
17. Third best presentation. Amarasiri, A.M.S.S., Attanayake, A.P., Jayatilaka, K.A.P.W., Mudduwa L.K.B., 2018. Evaluation of the Nephroprotective Activity and Acute Toxic Effects of Leaf Extract of *Abelmoschus moschatus* in Experimental Rats. 1<sup>st</sup> Research Symposium of Faculty of Allied Health Sciences, University of Ruhuna (Ru FARS 2018), p 11.
18. National Research Council Merit award for scientific publications 2017
19. Best research presentation at the 7th International Conference, of the College of Pathologists of Sri Lanka and the British Division of International Academy of Pathology, Virtual conference on lymphoid, Dermatopathology and Cytopathology, held on 15th to 17th October 2020 Identifying thyroid follicular neoplasms which need lobectomy; the value of Bethesda category 4 A .Kankanamge, T.G.Liyanage, L.K.B.Mudduwa

## Orations

20. Awarded the Oration of the University of Ruhuna 2012 for the oration delivered on 'Prognostic and predictive parameters of breast cancer: the role of pathologist in the Sri Lankan perspective' at the Annual Academic Sessions of the University of Ruhuna
21. Awarded the Sir Nicholas Attygalle Memorial Oration 2018 by the Sri Lanka Medical Association for the oration titled 'Biomarkers in breast cancer; broadening the horizons'

---

### Grants received

1. University of Ruhuna Research Grant for the study titled "A Study on the Prevalence of Cervical Dysplasia in a High risk Population using the Bethesda System"
  2. A grant from the National Science Foundation of Sri Lanka for the study titled "Pilot Study on the Role of Fine Needle Aspiration in the Diagnosis of Tuberculous lymphadenitis"
  3. A grant under the Improving Relevance and Quality of Undergraduate Education Project (funded by the World Bank) for the proposal written by me on "Enhancing Student Support Services of the undergraduates in the Faculty of Medicine, University of Ruhuna".
  4. A grant from the University of Ruhuna under the Internationalisation of Universities project to establish a Breast Cancer Research Center.
  5. Indo-Sri Lanka Joint Research Programme 2012 "Investigating the oncogenic potential of KIBRA"

75. Predictors of Breast Cancer Specific Survival of Patients with Node-negative Breast Cancer  
Peiris HH, Mudduwa LKB, Thalagala N, Jayatilake KAPW, Ekanayake U, Horadugoda J.  
Oral presentation for the 13<sup>th</sup> Academic Sessions of the University of Ruhuna, March 2016
76. Assessment of basal marker expression in breast cancers on a routine basis; is there any advantage?  
LKB Mudduwa, HH Peiris, DS Abeywardhana Poster presentation.  
Scientific Sessions 2017 of the Faculty of Medicine, University of Sri Jayawardhanapura held on 28th May 2017

77. Prognostic potential of KIBRA in breast cancer. Mudduwa LKB, Peiris HH, Gunasekara SN, Abeyasiriwardhana DS, Liyanage NC, Rayala SK, Wijeratne WMDGB, Liyanage TG  
First Symposium on Indo- Sri Lanka Joint Research Programme May 2017.
78. Total antioxidant activity and polyphenol content of selected medicinal plant extract used for the treatment of chronic kidney disease in Sri Lanka. Amarasiri AMSS, Attanayake AP, Jayatilaka KAPW, Mudduwa LKB Accepted for a poster presentation at the Annual Academic Sessions of Sri Lanka Medical Association 2017
79. Comparison of B-Cell Regenerative Potentials of Selected Sri Lankan Medicinal Plant Extracts in Alloxan-Induced Diabetic Rats  
A. P. Attanayake, K. A. P. W. Jayatilaka, L. K. B. Mudduwa, C. Pathirana World Academy of Science, Engineering and Technology. International Journal of Pharmacological and Pharmaceutical Sciences Vol:4, No:2, 2017. 19th International Conference on Natural Products and Drug Discovery held in Kuala Lumpur, Malaysia during February, 12-13, 2017.
80. Nottingham grade 2 breast cancer; is it a true prognostic category? Peiris HH, Mudduwa LKB, Thalagala NI, Jayatilake KAPW. International Conference Faculty of Medicine, University of Kelaniya April 2016
81. STZ-diabetic rat: an animal model to investigate pancreatic mechanisms of antidiabetic agents. Attanayake, A.P., Jayatilaka, K.A.P.W., Pathirana, C., Mudduwa L.K.B.  
73<sup>rd</sup> Annual Academic Sessions of the Galle Medical Association 2014
82. Recurrence free survival of luminal breast cancers in Southern Sri Lanka. Mudduwa LKB, Peiris HH. Annual Academic Sessions of the Galle Medical Association 2017 October - oral presentation.
83. Clinico-pathological profile of lymphoma; a decade of experience at a single histopathology unit. Liyanage TG, Mudduwa LKB, Fereen WFN, Dharmaratne DW, Pathirawasam AR.  
Annual Academic Sessions of the Galle Medical Association 2017 October - oral presentation.
